संकल्प

सं० 16(23)/63 सांलट—जनवरी, 1958 में नियुक्त नमक समिति की सिफारिशों पर भारत सरकार के निर्णयों को भूतपूर्व व्यापार तथा उद्योग मंत्रालय के संकल्प सं० 18(4)/59-नमक दिनांक 3 मई में अधिसूचित किया गया था। समिति की सिफारिश सं० 18 तथा 19 के तथा सरकार के निर्णयों में स्पष्ट असंगतता सरकार के ध्यान में लाई गई है।

2. नमक समिति की सिफारिश/निष्कर्ष सं० 18 तथा 19 जो संक्षिप्त रूप में 1961 के संकल्प में दी गई थी, इस प्रकार है :—

“(18) सरकारी भूमि नमक के उत्पादन के लिये साधारणतया 99 वर्ष के पट्टे पर दी जानी चाहिए और वर्तमान पट्टों की अवधि भी 99 वर्ष तक बढ़ा दी जानी चाहिए। (पैरा 11.8)।”

“(19) नमक बनाने के लिये पट्टे पर दी गई सरकारी भूमि के एक पार्टी से दूसरी पार्टी के पट्टे के हस्तान्तरण की अवस्था में या उस पट्टे की अवधि बढ़ाने की अवस्था में नया अभ्यर्पण शुल्क नहीं लिया जाना चाहिए—(पैरा 11.8)।”

3. इन सिफारिशों पर सरकार के विचार उपरोक्त संकल्प के पैरा 3(9) में अधिसूचित किए गए थे और वह निम्न प्रकार है :—

“सरकार सिफारिश सं० 18 को स्वीकार करती है किन्तु पट्टे की अवधि में 20 वर्ष सीमित रखना चाहेगी। इन पट्टों के और 20 वर्ष के लिये नवीकरण पर उचित समय पर विचार किया जा सकता है किन्तु वह प्रत्येक मामले के गुणावगुण पर तथा उन शर्तों पर होगा जो सरकार तय करेगी। सरकार सिफारिश सं० 19 को स्वीकार करती है किन्तु इसमें नमक के वे कारखाने सम्मिलित नहीं होंगे जिन्होंने चालू पट्टे पर कोई शुल्क नहीं दिया है।”

4. प्रश्न उठाया गया है कि जब पट्टे की अवधि और बढ़ा दी जाती है तो नया अभ्यर्पण शुल्क देय हो जाता है अथवा नहीं। सिफारिश सं० 18 पर सरकार के निर्णयानुसार अवधि का बढ़ाया जाना सरकार द्वारा तय की जाने वाली शर्तों के अनुसार होगा, किन्तु सिफारिश सं० 19 पर निर्णय से यह प्रतीत होता है कि उन नमक के कारखानों पर नया अधिन्यास शुल्क नहीं लगाया जाना चाहिये जो चालू अभ्यर्पण के समय शुल्क दे चुके हैं।

समिति के प्रतिवेदन का सम्बद्ध अंश निम्न प्रकार है :—

“11.00..... हम यह सिफारिश करते हैं कि पट्टे अथवा हस्तान्तरण की अवधि 99 वर्ष होनी चाहिये। इससे पट्टेदार क्षेत्र को विकसित करने के लिये पर्याप्त धन विनियोजन कर सकेगा। किन्हीं ऐसे मामलों में जहां लम्बी अवधि का पट्टा देना वांछनीय न हो, अल्पावधि के पट्टे दिये जाने चाहिये। जहां तक अभ्यर्पण तथा कीमत अथवा सोकाड़ी, मलामी या अभ्यर्पण शुल्क, का सम्बन्ध है, राज्य सरकार अथवा केन्द्रीय सरकार, जो भी हो, को नमक के कारखाने स्थापित करने के लिये भूमि के अभ्यर्पण अथवा पट्टे पर दिये जाने समय ही उचित शुल्क ले लें। इस पट्टे की अवधि सामान्यतः 99 वर्ष से कम नहीं होनी चाहिये। इस अवधि में पट्टे को एक पार्टी से दूसरी पार्टी को हस्तान्तरण करते समय नया अभ्यर्पण शुल्क नहीं लिया जाना चाहिये। चालू पट्टे की अवधि की 99 वर्ष तक बढ़ा दी जानी चाहिये और इस के लिये भी नया अभ्यर्पण शुल्क नहीं लिया जाना चाहिये।”

5. उपरोक्त पैरा में लिखी तीन मुख्य सिफारिशें इस प्रकार हैं :

- (1) पट्टे की सामान्य अवधि 99 वर्ष होनी चाहिये।
- (2) पट्टे की अवधि में पट्टे को एक पार्टी से दूसरी पार्टी को अभ्यर्पित करने पर नया अभ्यर्पण शुल्क नहीं लिया जाना चाहिये।
- (3) 99 वर्ष से कम वाले चालू पट्टों की अवधि को 99 वर्ष तक बढ़ा दिया जाये और उस पर नया अभ्यर्पण शुल्क नहीं लिया जाना चाहिये।

जहां तक प्रथम मद का सम्बन्ध है सरकार का निर्णय अवधि को 20 वर्ष तक सीमित करने का था न कि 99 वर्ष तक।

जहां तक दूसरी सिफारिश का सम्बन्ध है सरकार ने उसे स्वीकार कर लिया है और पट्टे की अवधि में ही पट्टे को एक पार्टी से दूसरी पार्टी को अभ्यर्पित करते समय नया अभ्यर्पण शुल्क नहीं लिया जा रहा।

जहां तक तीसरी सिफारिश का सम्बन्ध है, 99 वर्ष से कम अवधि वाले पट्टों की अवधि को 99 वर्षों तक बढ़ाने का प्रश्न ही नहीं उठता क्योंकि सरकार का निर्णय पट्टों की अवधि को 20 वर्ष तक सीमित रखने का था। 99 वर्ष से कम अवधि वाले पट्टों की अवधि को 99 वर्ष तक बढ़ाये जाने पर नये अभ्यर्पण शुल्क लिये जाने का प्रश्न

ही नहीं उठता। जैसा कि पहले 3 मई, 1961 के सरकार के संकल्प में स्पष्ट कर दिया गया है कि 20 वर्ष की अवधि के पश्चात् पट्टों के नवीकरण का प्रत्येक मामले पर विचार गुणावगुण के आधार पर तथा सरकार द्वारा तय की गई शर्तों के अनुसार किया जायेगा।

6. स्पष्टीकरण के हेतु पट्टों की अवधि बढ़ाने पर सरकारी नीति का नीचे निर्देश किया जाता है :—

नमक बनाने के लिये सरकारी भूमि को साधारणतः 20 वर्ष के पट्टे पर दिया जायेगा।

विद्यमान पट्टे की अवधि को 20 वर्ष से आगे बढ़ाने, जो कि किसी एक समय पर 20 वर्ष से अधिक नहीं होगी, का प्रत्येक मामले पर उचित समय पर उसके गुणावगुण के आधार पर नये अभ्यर्पण शुल्क/भूमि किराया आदि की अदायगी पर तथा सरकार द्वारा तय की गयी शर्तों के आधार पर ही विचार किया जायेगा।

नमक के उत्पादन के लिये पट्टे पर दो गई सरकारी भूमि को पट्टे की अवधि में एक पार्टी से दूसरी पार्टी को अभ्यर्पित करते समय नया अभ्यर्पण शुल्क, यदि वह पहले पट्टेदार से पट्टा देते समय ले लिया गया हो, नहीं लिया जायेगा।

आदेश

आदेश दिया गया कि संकल्प को सभी राज्य सरकारों, भारत सरकार के सभी मंत्रालयों, योजना आयोग, मंत्रिमंडलीय सचिवालय तथा प्रधान मंत्री के सचिवालय को भेजा जाये।

2. आदेश दिया गया कि संकल्प को भारत के राजपत्र के भाग 1 खण्ड 1 में प्रकाशित किया जाये।

सं० 2-पीजी(63)/69—भारत सरकार को वर्ष 1968-69 की कांडला पत्तन की प्रशासन रिपोर्ट प्राप्त हो गयी है। रिपोर्ट के मुख्य-मुख्य तथ्यों की समीक्षा नीचे दी जा रही है :—

1. वित्तीय परिणाम :

(क) पत्तन निधि : पत्तन की आलोच्य वर्ष में राजस्व आय (कनहारी खाते को छोड़कर) 199.08 लाख रुपये हुई इस की तुलना में 1967-68 में 182.71 लाख रुपये थी।

आलोच्य वर्ष में व्यय (कनहारी खाते और मूल्य ह्रास निधि तथा राजस्व आरक्षण निधि के अंशदानों को छोड़कर) 153.35 लाख रुपये हुआ जब कि 1967-68 में 153.84 लाख रुपये हुआ था। मूल्य ह्रास निधि तथा राजस्व आरक्षण निधि को 1968-69 में क्रमशः 22.47 लाख रुपये और 10.00 लाख रुपये के अंशदान दिये गये।

(ग) ऋण स्थिति : वित्तीय वर्ष 1968-69 के अंत में पत्तन द्वारा भारत सरकार को देय ऋण राशि वर्ष के दौरान ली गयी 35 लाख रुपये की ऋण राशि को हिसाब में लेने के बाद, 1777.26 लाख रुपये थी। यह राशि 29-2-1964 को जब पत्तन न्यास बना था, भारत सरकार को देय कुल पूंजीगत ऋण के निश्चित किये जाने तक अस्थायी है :

(लाख मीटरी टनों में)			
1967-68	22.60	2.05	24.65
1968-69	17.09	3.26	20.36

3. अन्न और कल्याण क्रियाकलाप :

आवास, उपभोक्ता सहकारी स्टोर, शैक्षणिक सुविधाएं, क्लब, कान्डीन, डाकटरी सुविधाएं, इत्यादि जैसी सुख सुविधाएं पूर्ववत् जारी रहीं।

4. पूंजी निर्माण कार्य :

पूँजीगत निर्माण कार्यों पर आलोच्य वर्ष में कुल 84 14 लाख रुपये की राशि खर्च हुई।

General Knowledge including knowledge of current events and of such matters of every day observation and experience in their scientific aspects as may be expected of an educated person who has not made a special study of any scientific subject. The paper will also include questions on History of India and Geography of a nature which candidates should be able to answer without special study.

PART B

Viva voce : The candidates will be examined by a Board who will have before them a record of the career of each candidate, including service in the Armed Forces. The candidate will be asked questions on matters of general interest

and his subjects of academic study, as also on his experience in the Armed Forces. The object of the *Viva voce* is an assessment of the suitability of the candidate for the Service by a Board of competent and unbiased observers.

2. The technique of the *Viva voce* is not that of a strict cross examination, but of a natural, though directed and purposive conversation, intended to reveal the mental qualities of the candidate, e.g., the intellectual curiosity, critical powers of observation and assimilation, balance of judgment, and alertness of mind; initiative, tact, capacity for leadership; the ability for social cohesion; mental and physical energy and powers of practical application; integrity of character; and other qualities such as topographical sense, love for out-door life and the desire to explore unknown and out of way places.

APPENDIX III

(Vide Rule 23)

The Appendix briefly describes the conditions of service as applicable to candidates recruited through the regular Indian Forest Service Examination. The seniority and pay of the candidates who may be appointed on the results of this examination would be regulated in accordance with the special orders issued by the Government in this behalf.

(c) On the conclusion of his period of probation, Government may confirm the officer in his appointment or, if his work or conduct has in the opinion of Government been unsatisfactory Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(d) If the power to make appointments in the Service is delegated by Government to any officer that officer may exercise any of the powers of Government under clauses (b) and (c) above.

APPENDIX IV

REGULATIONS RELATING TO THE PHYSICAL EXAMINATION OF CANDIDATES.

(vide Rule 20)

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard.

The regulations are also intended to provide guide lines to the medical examiners and a candidate who does not satisfy the minimum requirements prescribed in the regulations cannot be declared fit by the medical examiners. However, while holding that a candidate is not fit according to the norms laid down in these regulations, it would be permissible for a Medical Board to recommend to the Government of India for reasons specifically recorded in writing that he may be admitted to service without disadvantage to Government. It should, however, be clearly understood that the Government of India reserve to themselves, absolute discretion to reject or accept any candidate after considering the report of the Medical Board. For the disabled ex-Defence Services personnel the standards will be relaxed consistent with the requirements of the Service).

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. *Walking test.*—The candidates will be required to qualify in walking test of 25 Kilometers to be completed in 4 hours. The arrangement for conducting this test will be made by the Inspector General of Forests, Government of India so as to synchronise with the sittings of the Medical Board.

3. (a) In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidate should be hospitalised for investigation and X-ray of the chest taken before the candidate is declared fit or not fit by the Board.

(b) The minimum standard for height and chest girth without which candidates cannot be accepted, are as follows :—

Height	Chest girth (fully expanded)	Expansion
163 cms	84 cms	5 cms (For men)
150 cms	79 cms	5 cms (For women)

The minimum height prescribed is relaxable in case of candidates belonging to races such as Gorkhas, Garwalis, Assamese, Nagaland Tribals, etc., whose average height is distinctly lower.

4. The candidates height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or other sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in centimetres and parts of a centimetre to halves.

5. The candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted and the minimum and maximum will then be recorded in centimetres 84-89, 86-93.5 etc. In recording the measurements fractions of less than half centimetre should not be noted.

6. The candidate will also be weighed and his weight recorded in kilograms; fractions of a half of a kilogram should not be noted.

7. The candidate's eye-sight will be tested in accordance with the following rules. The result of each test will be recorded :—

(i) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of

any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures of such a sort as to render, or likely at a future date to render him unfit for service.

(ii) *Visual Acuity.*—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidates shall, however, be recorded by the Medical Board or other medical authority in every case, as it will furnish the basic information in regard to the condition of the eye.

The standards for distant and near vision with or without glasses shall be as follows :—

Distant Vision		Near Vision	
Better eye (Corrected Vision)	Worse eye (Corrected Vision)	Better eye (Corrected Vision)	Worse eye (Corrected Vision)
6/6	6/12	J. I	J. II
6/9	6/9		

(1) *Fundus Examination.*—Wherever possible fundus examination will be carried out at the discretion of the Medical Board and results recorded.

(2) *Colour Vision.*—(i) The testing of colour vision shall be essential.

(ii) Colour perception should be graded into a higher and a lower Grade depending upon the size of the aperture in the lantern as described in the table below :—

Grade	Grade of Colour Perception
1. Distance between the lamp and candidate	4.9 metres
2. Size of aperture	1.3 mm.
3. Time of exposure	5 sec.

(iii) Satisfactory colour vision constitutes recognition with ease and without hesitation of signal red, signal green and white colours. The use of Ishihara's plates, shown, in good light and suitable lantern like Edrige Green's shall be considered quite dependable for testing colour vision. While either of the two tests may ordinarily be considered sufficient, in respect of the services concerned with road, rail and air traffic, it is essential to carry out the lantern test. In doubtful cases where a candidate fails to qualify when tested by only the one of the tests, both the tests should be employed.

(3) *Field of vision.*—The field of vision shall be tested in respect of all services by the confrontation method. Where such test gives unsatisfactory or doubtful results, the field of vision should be determined on the perimeter.

(4) *Night Blindness.*—Night blindness need not be tested as a routine, but only in special cases. No standard test for the testing of night-blindness or dark adaption is prescribed. The Medical Board should be given the discretion to improvise such rough tests, e.g. recording of visual acuity with reduced illumination or by making the candidate recognise various objects in a darkened room after he/she has been therefor 20 to 30 minutes. Candidates' own statements should not always be relied upon but they should be given due consideration.

(5) *Ocular conditions other than visual acuity.*—(a) Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity should be considered as a disqualification.

(b) *Trachoma.*—Trachoma, unless complicated, shall not ordinarily be a cause for disqualification.

(c) *Squint.*—As the presence of binocular vision is essential, squint, even if the visual acuity is of the prescribed standard, should be considered as a disqualification.

(d) *One-eyed persons.*—The employment of one-eyed individuals is not recommended.

8. *Blood Pressure.*

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows:—

- (i) With young subjects 15—25 years of age the average is about 100 plus the age.
- (ii) With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

N.B.—As a general rule any systolic pressure over 140 mm and diastolic over 90 mm should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc., or whether it is due to any organic disease. In all such cases X-ray and electrocardiographic examinations of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will, however, rest with the medical board only.

Method of taking Blood Pressure

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient, and particularly his arm is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from the clothes to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm, and its lower edge an inch or two above the bend of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. The cuff is inflated to about 200 mm. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represents the Systolic Pressure. When more air is allowed to escape the sounds will be heard to increase in intensity. The level at which the well-heard clear sounds change to soft muffled fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the readings. Rechecking, if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sounds are heard at a certain level, they may disappear as a pressure falls and reappear at a still lower level. This 'Silent Gap' may cause error in reading).

9. The urine (passed in the presence of the examiner) should be examined and the results recorded. Where a Medical Board finds sugar present in a candidate's urine by the usual chemical tests the Board will proceed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If except for the glycosuria the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate "fit subject to the glycosuria being non-diabetic" and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations, clinical and laboratory, he considers necessary including a standard blood sugar tolerance test, and will submit his opinion to the Medical Board, upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital under strict supervision.

10. A woman candidate who as a result of tests is found to be pregnant of 12 weeks standing or over should be declared temporarily unfit until the confinement is over. She should be re-examined for fitness certificate six weeks after the date of confinement, subject to the production of a medical certificate of fitness from a registered medical practitioner.

11. The following additional points should be observed:—

- (a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be examined by

the ear specialist. Provided that if the defect in hearing is remediable by operation or by use of a hearing aid, a candidate cannot be declared unfit on that account provided he/she has no progressive disease in the ear;

- (b) that his/her speech is without impediment;
- (c) that his/her teeth, are in good order and that he/she is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) that the chest is well formed and his chest expansion sufficient; and that his heart and lungs are sound;
- (e) that there is no evidence of any abdominal disease;
- (f) that he is not ruptured;
- (g) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles;
- (h) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints;
- (i) that he does not suffer from any inveterate skin disease;
- (j) that there is no congenital malformation or defect;
- (k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution.
- (l) that he bears marks of efficient vaccination; and
- (m) that he is free from communicable disease.

12. Radiographic examination of the chest should be done as a routine in all cases for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

NOTE.—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above services. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of judgment in the decision of the first Board, it is open to Government to allow an appeal to a Second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

Medical Board's Report

The following intimation is made for the guidance of the Medical Examiner:—

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidate concerned.

No person will be deemed qualified for admission to the Public Service who shall not satisfy Government, or the appointing authority, as the case may be that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him for that service.

It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that rejection of a candidate need

not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the Medical Board should be treated as confidential.

In case where a candidate is declared unfit for appointment in the Government Service the grounds for rejection may be communicated to the candidate in broad terms without giving minute details regarding the defects pointed out by the Medical Board.

In cases where a Medical Board considers that a minor disability disqualifying a candidate for Government service can be cured by treatment (medical or surgical) a statement to that effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion on this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

In the case of candidates who are to be declared "Temporarily Unfit" the period specified for re-examination should not ordinarily exceed six months at the maximum. On re-examination after the specified period these candidates should not be declared temporarily unfit for a further period but a final decision in regard to their fitness for appointment or otherwise should be given.

(a) *Candidate's statement and declaration.*

The candidate must make the statement required below prior to his Medical Examination and must sign the Declaration appended thereto. His attention is specially directed to the warning contained in the Note below :—

RESOLUTION

New Delhi, the 19th December 1969

No. 16(23)/63-Salt.—The decisions of the Government of India on the recommendations made by the Salt Committee set up in January 1958, were notified in the late Ministry of Commerce and Industry Resolution No. 18(4)/59-Salt dated 3rd May, 1961. Some apparent inconsistency between the Government's decisions on the Committee's recommendations Nos. 18 and 19 has been brought to Government's notice. This Resolution is intended to clarify the position.

2. The Salt Committee's recommendation/conclusion Nos. (18) and (19) as summarised in the Resolution of 1961 read as under :—

"(18) Government lands should ordinarily be leased out for manufacture of salt for a period of 99 years and the terms of the existing leases should be extended to this period of 99 years. (Para 11.8)."

"(19) No further assignment fee should be charged for Government salt lands leased for manufacture of salt in the event of a transfer of lease from one party to another or extension of an existing lease (para 11.8)."

3. Government's views thereon were notified in para 3(ix) of the above Resolution in the following terms :—

"Government accept recommendation No. 18 but would like to limit the period of lease to 20 years. Renewal of such leases for a further period of 20 years could be considered on merits at appropriate time, on such terms and conditions as Government may decide. Government also accept recommendation No. 19 except in respect of those salt works which did not pay any fees at the time of current assignment."

4. The question has been raised whether when a lease for a 20 years period is extended any fresh assignment fee is payable. According to Government's decision on recommendation No. 18, the extension of the lease would be on such terms and conditions as Government may decide, but the decision on recommendation No. 19 would seem to suggest that no further assignment fees should be levied in respect of salt works which paid fees at the time of current assignment.

The relevant portion of the Committee's Report reads as follows :

"11.08.....We also recommend that the period of lease or assignment of Government salt lands should be 99 years. This will enable the lessees to develop the area by investing adequate funds. Only in exceptional case where a long term lease is not desirable leases for shorter periods may be granted. With regard to the premium and price or sokadi, salami or assignment fee, the State Government or the Central Government, as the case may be, may charge a reasonable fee at the time of assignment or lease of lands for setting up new salt factories. The tenure of this lease should be normally not less than 99 years. No assignment fee should be charged for transfer of lease from one party to another within this period. In the case of current leases also the period may be extended to a term of 99 years and for this no fresh assignment fee should be charged."

5. The three principal recommendations contained in the above para are :

- (i) The normal period of lease should be 99 years.
- (ii) No assignment fee should be charged for the transfer of lease from one party to another during the lease period.
- (iii) All current leases of duration less than 99 years should be extended to 99 years and for this no fresh assignment fee should be charged.

On the first point, the decision of Government was to limit the lease period to twenty years and not to 99 years.

The second recommendation was accepted by Government and for the transfer of a lease from one party to another within the period of validity of the lease no fresh assignment fee is being charged.

As regards the third recommendation, the question of extension of leases of less than 99 years duration to 99 years does not arise as the Government's decision was to limit the lease period to twenty years. The further question of not charging any assignment fee for extension of leases of less than 99 years duration to 99 years does not also arise. As already indicated in Government's Resolution of the 3rd May, 1961, renewal of leases beyond the twenty years period would in each case be considered on merits, on such terms and conditions as Government may decide.

6. For the sake of clarity, Government's policy regarding extension of leases is indicated below :—

Government lands will ordinarily be leased out for manufacture of salt for a period of twenty years only. Request for renewal of such leases for a further period not exceeding twenty years at a time would be considered on their merits at the appropriate time, on payment of such assignment fee/ground rent etc., and such other terms and conditions as Government may from time to time decide upon.

No further assignment fee will be charged for Government salt lands leased for manufacture of salt in the event of a transfer of a lease from one party to another during the period of its currency where the original lessee had paid the fees at the time of original assignment.

ORDER

ORDERED that this Resolution be communicated to all State Governments, all Ministries of the Government of India, Planning Commission, Cabinet Secretariat and Prime Minister's Secretariat.

2. ORDERED also that the Resolution be published in the Gazette of India, Part I, Section 1.

RESOLUTION

New Delhi, the 22nd December 1969

No. 2-PG(63)/69.—The Government of India have received the Administration Report of the Port of Kandla for the year 1968-69. The salient features of the Report are reviewed below :—

1. Financial Results :

(a) *Port Fund* : The revenue receipts of the Port (excluding the Pilotage Account) during the year were Rs. 199.08 lakhs as compared to Rs. 182.71 lakhs during 1967-68.

The expenditure (excluding that charged to the Pilotage Account and contributions to the Depreciation Fund and the Revenue Reserve Fund) during the year under review was Rs. 153.35 lakhs as against Rs. 153.84 lakhs in 1967-68. The contributions made to the Depreciation Fund and the Revenue Reserve Fund during the year 1968-69 were Rs. 22.47 lakhs, and Rs. 10.00 lakhs respectively.

(b) *Pilotage Account* : In spite of revision of the Pilotage fees and other charges the account shows a deficit of Rs. 1.14 lakhs. This shortfall in revenue under the Pilotage Account was mainly due to decrease in traffic and less number of ships calling at the port as compared to last year.

(c) *Debt position* : The outstanding debt of the Port payable to the Government of India at the close of the financial year 1968-69 was Rs. 1,777.26 lakhs after taking into account the loan of Rs. 35 lakhs taken during the year. This figure is, however, provisional pending fixation of the ultimate capital debt by the Government of India as on 29-2-1964, when the Port Trust was formed.

2. Traffic :

(a) *Trade* : The traffic which passed through the Port of Kandla in 1968-69, as compared to that in 1967-68, is indicated in the table below :

Year	Imports	Exports	Total traffic
	(In lakhs of metric tonnes)		
1967-68	22.60	2.05	24.65
1968-69	17.09	3.26	20.36

(b) *Shipping* : Excluding sailing vessels, 261 vessels with a gross tonnage of 21.52 lakhs, entered the port during 1968-69 as against 271 vessels with a gross tonnage of 25.16 lakhs in 1967-68.

3. Labour and Welfare activities :

Amenities such as housing, consumer cooperative stores, educational facilities, clubs, canteens, medical facilities etc., were continued.

4. Capital Works :

The total expenditure on Capital Works during the year under review was Rs. 84.14 lakhs.

5. Acknowledgement :

Government views with satisfaction the work of the Port Trust during the year under review.
